

Magnolia Bostad awarded land allotment in Åkersberga

Magnolia Bostad has been awarded a land allotment in the Hagby Ängar area, located close to central Åkersberga in the Österåker Municipality. The land allotment, covering approximately 24,000 sqm of land, concerns part of the property Hagby 1:5.

The Municipality plans to develop a new neighborhood in the area, including about 500 homes, a retirement home, a school, shops and offices. The area is situated close to both the Roslagsbanan light railway and Österåker golf club.

The Hagby 1:5 property is situated next to Magnolia Bostad's project Nätverket which consists of approximately 300 space efficient rental apartments.

Local planning work is in progress and the local plan is expected to be approved during 2018. Magnolia Bostad's has developed the proposal in cooperation with the architects LINK arkitektur.
